### FEATURES

- Compact, folding design.
- Optics-ready.
- Integrated recoil buffer system.
- Reversible magazine catch.
- 30 3/8" unfolded length to 16 3/8" folded.
- 1/2-28 threaded muzzle with thread protector.
- Flat-face trigger with crisp break.
- Compatible with M&P® Pistol double-stack magazines.
- In-stock magazine storage w/quick-release tab system.
- Horizontal folding mechanism with locking latch.
- Horizontal folding design doesn't interfere with top-mounted optics (optics sold separately).
- M-LOK® slots on handguard with Picatinny-style rail on top.
- Charging slide/handle doubles as retainer when folded.
- Carrying bag with additional storage and Velcro® straps.
- Backed by Smith & Wesson's Limited Lifetime Service Policy.
- Made in U.S.A.

Shown here with  
17-round magazine in grip

And two  
23-round magazines in stock

**NOTE:** The M&P® FPC™ can make use of M&P® original series and M2.0® compact and full-size double-stack pistol magazines with or without the grip adapter spacers in place.

The M&P® FPC™ comes with (one) 17-round and (two) 23-round magazines.

1/2-28 Threaded muzzle  
with thread protector.

(2) Magazine storage in stock  
with quick-release latch.

Comes with (4) interchangeable palmwell  
grip adapters.

Folds to just 16.375" length,  
for easy carrying in included bag.

Easy folding for carry,  
cleaning, and storage.
